	• Unix System Admin.	• Web / Mobile & PC GUIs

History

Accounts Receivable Specialist – ABC Legal Services   (July 2018 – Present)

Post customer payments. Prepare customer statements, bills and invoices. Prepare monthly receivable statements. Post receipts to appropriate accounts and verify transaction details.

Logistics Specialist – ABC Legal Services   (March 2018 – July 2018)

Reviewed court filings for key information and performed data entry. Determined case venues. Directed process service attempts. Followed best practices for handling sensitive legal information.

Caregiver – Woodway Senior Living   (March 2017 – Nov. 2017)

Assisted elderly patients in daily living activities such as nutrition, ambulation, administering medications and personal care/hygiene.

Mobile Developer – ServiceMonster   (Dec. 2016 – March 2017)

Developed business management software for POS, invoices & estimates, inventory, accounting, and fleet routing & tracking. Worked with mobile team to develop tablet-based solutions using React Native.

Assembler – Itek Energy   (Sept. 2016 – Dec. 2016)

Performed basic assembly tasks for solar panel construction. Made bus bars, placed bars on panels to be spot welded, soldered broken welds, and installed junction boxes.

Sales Associate – Brivity   (June 2016 – Sept. 2016)

Helped grow leads & sales for a CRM, text-to-lead, and home valuation SaaS company. Assisted in developing on-boarding and training programs. Also served in an IT support position.

Sales Supervisor – Best Buy   (Aug. 2015 – June 2016)

Produced ~$700k in sales Q4 '15 through use of solutions-based sales techniques. Generated b2b leads. Improved financial services sales & lead one of the strongest locations for that metric in the West Coast market.
